JOURNAL OF THE SENATE

STATE OF NEW JERSEY,

SENATE CHAMBER.

TUESDAY, January 13, 1976.

At 12 o'clock noon, this being the time and place appointed by the Constitution for the assembling of the Legislature, the Senate was called to order by Robert E. Gladden, Secretary of the Senate.

The session was opened with prayer by Rabbi Judah Washer.

Upon calling the roll the following Senators answered the call and the President declared a quorum present:

Messrs. Ammond, Bateman, Beadleston, Bedell, Buehler, Cafiero, Davenport, Dodd, Dugan, Dumont, Dunn, Dwyer, Fay, Feldman, Garramone, Greenberg, Hagedorn, Hirkala, Horn, Hughes, Imperiale, Lynch, Maressa, Martindell, McDonough, McGahn, Menza, Merlino, Musto, Orechio, Parker, Russo, Scardino, Skevin Tumulty, Vreeland, Wallwork, Wiley, Zane—39.

On motion of Mr. Feldman the reading of the journal of the previous session was dispensed with.

Secretary of the Senate Robert E. Gladden in Chair.

On motion of Mr. Beadleston, Mr. Cafiero was elected temporary president by voice vote.

On motion of Mr. Maressa, Robert Gladden was elected temporary secretary by voice vote.

On motion of Mr. Merlino that Mr. Lynch be elected President *pro tem.* for the 1976 Senate Session, it was decided as follows:

In the affirmative were—

Messrs. Ammond, Bateman, Buehler, Cafiero, Davenport, Dodd, Dugan, Dumont, Dunn, Dwyer, Fay, Feld-

man, Garramone, Greenberg, Hagedorn, Hirkala, Horn, Hughes, Imperiale, Maressa, Martindell, McDonough, McGahn, Merlino, Musto, Orechio, Parker, Russo, Scardino, Skevin, Tumulty, Vreeland, Wallwork, Wiley, Zane—35.

In the negative—None.

The oath of office was administered to Mr. Lynch by Mr. Cafiero.

Mr. Merlino then moved for election of a permanent president.

On motion of Mr. Scardino that Mr. Feldman be elected permanent president for the 1976 Senate session, it was decided as follows:

In the affirmative were—

Messrs. Ammond, Bateman, Beadleston, Bedell, Buehler, Cafiero, Davenport, Dodd, Dugan, Dumont, Dunn, Dwyer, Fay, Garramone, Hagedorn, Hirkala, Horn, Hughes, Imperiale, Lynch, Maressa, Martindell, McGahn, Menza, Merlino, Musto, Orechio, Parker, Russo, Scardino, Skevin, Tumulty, Vreeland, Wallwork, Wiley, Zane—36.

In the negative—None.

President Feldman addressed the Senate as follows:

We begin the Bicentennial Year with expectations that are tempered by the grim reality of a foundering economy: the highest unemployment rate in decades, coupled with a runaway inflation, are inflicting cruel punishment on countless thousands of helpless constituents. It seems that most of the original thirteen states—including, unhappily, our own—are the ones most impacted by the double pressures of joblessness and inflation.

First and foremost on the agenda for this One Hundred Ninety-Seventh Session of the New Jersey Legislature must be attention to the human needs of our constituencies.

Obviously, much of the impetus for meeting the economic problems of our Nation must come from Washington. Nevertheless, there are many initiatives which can be developed right herein Trenton, and this Legislature must take

a leadership role in stimulating programs which will lead to an economic recovery.

For example, we must continue to support and encourage the efforts already in progress to attract new industry and to revive the economy of our major cities.

We recognize the constraints placed upon us by the defeat of the bond issues last November, but we must move ahead! Particularly in the field of new housing for senior citizens and middle-income families.

Fundamental to the human problems confronting this Legislature is the thorny task of meeting the constitutional requirement of a balanced budget at a time when the weakened economy yields State revenues that fall short of State needs. Although our goal must be to achieve a balanced budget, we must resolve that we will not be party to any proposal that achieves that goal at the expense of the poor and the aged.

Full employment and a tax structure that will equitably distribute the responsibility of supporting State Government may well dominate the attention of this Legislature for the next two years, but if we are conscientious, intelligent and diligent in our approach to these needs, then the One Hundred Ninety-Seventh will surely be remembered as a Legislature that did much for New Jersey.

As we seek solutions to our economic problems, we must be careful not to sacrifice the legacy of our founders: the farmlands, the forests, the parks and the great recreational areas that have made New Jersey such a wonderful place to live.

To accomplish our goals, it will be necessary for the Legislature to continue to exercise its new-found role as a coequal branch of State Government! As this sense of independence has been developing, we have experienced the heady delights of saying "no" to the administration on numerous occasions.

Independence, however, carries with it the responsibility for doing more than vetoing proposals.

Let us resolve, therefore, that the One Hundred-Ninety-Seventh will develop alternatives of its own. There is no question in my mind that this Senate comprises men and

women with the maturity and experience that is necessary to exercise a genuine leadership role in New Jersey Government.

To make it possible for us to act on the opportunities presented to us, it is my intention to place a greater emphasis on the role of committees in the legislation-shaping process. Accordingly, we will provide the committees with more time to do their work and with the expert staff required to do it.

At the same time, we will concentrate on providing Senators with more and better information about legislation, so that all of us will be prepared to vote intelligently on the proposals presented to our body.

I am grateful to all of you for the opportunity to serve as your president during these challenging times. I am also awed by the responsibility entailed in this position! I give you my solemn word that I will devote much of my energies during the next two years to proving myself worthy of your confidence.

Thank you.

Mr. Hagedorn and Mr. Wiley escorted newly elected President Matthew M. Feldman to the rostrum.

The oath of office was administered to President Feldman by Chief Justice Richard Hughes.

Mr. Merlino moved the election of permanent Secretary of the Senate for 1976.

On motion of Mr. Maressa that Robert E. Gladden be elected for permanent Secretary of the Senate for 1976, it was decided as follows:

In the affirmative were—

Messrs. Ammond, Bateman, Beadleston, Buehler, Cafiero, Davenport, Dodd, Dugan, Dumont, Dunn, Dwyer, Fay, Feldman (President), Garramone, Greenberg, Hagedorn, Hirkala, Horn, Hughes, Imperiale, Lynch, Maressa, Martindell, McDonough, McGahn, Menza, Merlino, Musto, Orechio, Parker, Scardino, Skevin, Tumulty, Vreeland, Wallwork, Wiley, Zane—37.

In the negative—None.

The oath of office was administered to Robert E. Gladden, permanent Secretary of the Senate for the 1976 Session by President Feldman.

Mr. Horn offered the following resolution, which was read and adopted:

WHEREAS, The Honorable Frank J. "Pat" Dodd has been the President of this House since January 8, 1974, during which time he has presided with restraint, ruled with dignity, and set a standard of excellence for his successors in that office; and,

WHEREAS, The numerous practical innovations and legislative reforms instituted by Pat Dodd during his presidency have already served, and will continue to serve the best interests of this State, and will further the purposes of free and open government by creating greater public access to and awareness of the actions of this Senate; and,

WHEREAS, In these last two years of stress and pressure the one consistent factor in our deliberations has been the demeanor of Senate President Dodd, who was himself most temperate when we were most extreme, who was himself most accommodating when we were most adamant, who was himself most encouraging when we were most exhausted, and who was himself most full of faith and confidence in the capacity of this House and of all its members when we were most frustrated by the obstacles we faced; and,

WHEREAS, Notwithstanding the fact that Pat Dodd has always considered himself but one among forty, and has denied the deference to which his position and performance have entitled him, it is altogether fitting and proper that we take the occasion of his descendence from the Senate Presidency to record our unanimous view that his leadership has been a credit to this House, a genuine contribution to the governance of this State, and a true service to the people of New Jersey; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House, mindful of the personal dedication and professional performance of Senate President Dodd during the whole of his tenure in that office, extends to him its appreciation for his efforts, its congratulations and its gratitude for his accomplishments, and the personal respect, sincerest hopes and very best wishes of all its members.

Mr. Merlino offered the following resolutions, which were read and adopted:

Resolved, That the Secretary of the Senate await upon His Excellency the Governor and inform him that the Senate has organized and elected Honorable Matthew Feldman of the County of Bergen, President and Robert E. The Governor's Reorganization Plan of The Division of Local Government Services was received and filed.

STATE OF NEW JERSEY,
OFFICE OF THE GOVERNOR,
February 9, 1976.

To the President and Members of the New Jersey Senate:

Pursuant to c. 203, P. L. 1969 (C. 52:14C–1 et seq.), known as the "Executive Reorganization Act of 1969" I am pleased to submit herewith a reorganization plan for the Division of Local Government Services.

Sincerely,

BRENDAN T. BYRNE,
Governor.

To the Senate and General Assembly of the State of New Jersey:

It is my pleasure to submit to you a plan of reorganization for the Division of Local Government Services pursuant to the Executive Reorganization Act, Chapter 203, Laws of 1969. This reorganization plan transfers the Division of Local Government Services in the Department of Community Affairs as reorganized and structured pursuant to the Reorganization Plan of the Department of Community Affairs filed June 20, 1972 (Law of 1972, Vol. I,

p. 1045 et seq.) and the Local Finance Board in the Division of Local Government Services to the Department of the Treasury.

The reorganization plan, hereby transmitted, is designed to assure more effective oversight of municipal and county finance. The problems of local finance have changed to such a degree that a new organization of State oversight and advisory functions is necessary. The transfer proposed by this reorganization plan will enable the State to coordinate better its own financings with the borrowing schedules of local governments. Also a merger of governmental budgeting and financing functions will promote a greater sharing of expertise of the divisions of State government concerned with State and local finance. In addition, the transfer of the Division of Local Government Services to the Department of the Treasury enables the Division of Local Government Services to work more effectively with the Division of Investment to improve local investment and debt management practices.

The transfer of the Division of Local Government Services to the Department of the Treasury, in which the Division of Budget and Accounting and the Commission on Capital Budgeting and Planning are located, also consolidates economic planning for State and local budgeting.

This plan will substantially improve the ability of the State to meet the budgeting and financing needs of municipalities and counties. It is my hope that the Legislature will approve this reorganization plan.

Reorganization Plan of the Division of Local Government Services

The Division of Local Government Services in the Department of Community Affairs, together with all its functions, powers and duties is hereby transferred to and constituted the Division of Local Government Services in the Department of the Treasury. The Local Finance Board in the Division of Local Government Services in the Department of Community Affairs, together with all its functions, powers and duties is hereby transferred to the Division of Local Government Services established herein in the Department of the Treasury.

In the Division of Local Government Services, the Bureau of Financial Regulation and Assistance reviews and certifies all municipal budgets, is responsible for post-audit review of municipal and county government, and provides financial guidance to local governments. The Bureau of Local Management Services provides technical assistance for management functions including financial management, debt management, general government organization, and contract administration, and for local planning functions including land-use planning, capital improvement planning, zoning and subdivision regulations. The Division also administers the State aid grants provided under the Urban Aid Act and Safe and Clean Neighborhoods Act. The Local Finance Board approves fiscal transactions of municipalities in, or in danger of falling into, unsound fiscal condition, and has jurisdiction over municipalities which are insolvent.

Placing the Division of Local Government Services and the Local Finance Board in the Department of the Treasury will assure more effective oversight of municipal and county finance. The problems of local finance have changed to such a degree that a new organization of State oversight and advisory functions is necessary. The transfer proposed by the reorganization plan will enable the State to coordinate better its own financings with the borrowing schedules of local governments. Also a merger of governmental budgeting and financing functions will promote a greater sharing of expertise of the divisions of State government concerned with State and local finance. In addition, the transfer of the Division of Local Government Services to the Department of the Treasury enables the Division of Local Government Services to work effectively with the Division of Investment to improve local investment and debt management practices.

The transfer of the Division of Local Government Services to the Department of the Treasury, in which the Division of Budget and Accounting and the Commission on Capital Budget and Planning are located, also consolidates economic planning for State and local budgeting.

In accordance with the provisions of the Executive Reorganization Act of 1969, P. L. 1969, c. 203 (C. 52:14C–2), I find and declare that this transfer and reorganization is necessary:

(1) to promote the more effective management of the Executive Branch;

(2) to reduce expenditures and promote economy to the fullest extent practicable;

(3) to increase the efficiency of the operations of the Executive Branch to the fullest extent practicable;

(4) to group, coordinate, and consolidate agencies and functions of the Executive Branch, as nearly as practicable, according to major purposes;

(5) to reduce the number of agencies by consolidating those having similar functions under a single head; and

(6) to eliminate overlapping and duplication of effort.

All acts and parts of acts inconsistent with any of the provisions of this reorganization plan are superseded to the extent of such inconsistencies. All transfers directed by this reorganization plan shall be effected pursuant to the "State Agency Transfer Act," P. L. 1971, c. 375 (C. 52:14D–1 et seq.).

Any provisions of this plan which conflict with Federal law are null and void.

The following communication was received from the Governor:

STATE OF NEW JERSEY,
OFFICE OF THE GOVERNOR,
February 19, 1976.

To the President and Members of the New Jersey Senate:

Pursuant to c. 203, P. L. 1969 (C. 52:14C–1 et seq.), known as the "Executive Reorganization Act of 1969" I submit herewith a reorganization plan for the Bureau of Financial Regulation and Assistance in the Division of Local Government Services in the Department of Community Affairs and the Local Finance Board in the Division of Local Government Services in the Department of Community Affairs.

Sincerely,

BRENDAN T. BYRNE,
Governor.

To the Senate and General Assembly of the State of New Jersey:

On February 9, 1976 I submitted to you a plan of reorganization for the Division of Local Government Services in the Department of Community Affairs. The primary objective of that reorganization plan was to strengthen the ability of the State to meet municipal and county budgeting and financing needs and to improve economic planning for State and local budgeting. Upon further consideration of the issues raised by the reorganization of the Division of Local Government Services, I hereby submit a revised plan of reorganization for the Division of Local Government Services which transfers the responsibility relating to the budgeting and financing functions of local governments. This reorganization plan transfers the Bureau of Financial Regulation and Assistance in the Division of Local Government Services in the Department of Community Affairs, as presently constituted, and the Local Finance Board in the Division of Local Government Services in the Department of Community Affairs to the Department of the Treasury.

The reorganization plan, hereby transmitted, is designed to assure more effective oversight of municipal and county finance. The problems of local finance have changed to such a degree that a new organization of State oversight and advisory functions is necessary. The transfer proposed by

this reorganization plan will enable the State to coordinate better its own financings with the borrowing schedules of local governments. Also a merger of governmental budgeting and financing functions will promote a greater sharing of expertise of the officials in State government concerned with State and local finance. In addition, this proposed transfer enables the Bureau of Financial Regulation and Assistance and the Local Finance Board to work more effectively with the Division of Investment to improve local investment and debt management practices. This proposed transfer of functions to the Department of the Treasury, in which the Division of Budget and Accounting, the Division of Investment, and the Commission on Capital Budgeting and Planning are located, consolidates fiscal expertise for budget and debt management.

This plan will substantially improve the ability of the State to meet the budgeting and financing needs of municipalities and counties.

Reorganization Plan of the Division of Local Government Services

The Bureau of Financial Regulation and Assistance in the Division of Local Government Services in the Department of Community Affairs, together with all its functions, powers and duties, and the Local Finance Board in the Division of Local Government Services in the Department of Community Affairs, together with all its functions, powers and duties, are hereby transferred to the Department of the Treasury.

The Bureau of Financial Regulation and Assistance, as presently organized, reviews and certifies all municipal budgets, is responsible for post-audit review of municipal and county government, and provides financial guidance to local governments. The Local Finance Board approves fiscal transactions of municipalities in, or in danger of falling into, unsound fiscal condition, and has jurisdiction over municipalities which are insolvent.

Placing these local budgeting and financing functions in the Department of the Treasury will assure more effective oversight of municipal and county finance. The problems of local finance have changed to such a degree that a new organization of State oversight and advisory functions is

necessary. The transfer proposed by the reorganization plan will enable the State to coordinate better its own financings with the borrowing schedules of local governments. Also a merger of governmental budgeting and financing functions will promote a greater sharing of expertise of the officials of State government concerned with State and local finance. In addition, this proposed transfer enables the Bureau of Financial Regulation and Assistance and the Local Finance Board to work more effectively with the Division of Investment to improve local investment and debt management practices.

In accordance with the provisions of the Executive Reorganization Act of 1969, P. L. 1969, c. 203 (C. 52:14C–2), I find and declare that this transfer and reorganization is necessary:

(1) to promote the more effective management of the Executive Branch;

(2) to reduce expenditures and promote economy to the fullest extent practicable;

(3) to increase the efficiency of the operations of the Executive Branch to the fullest extent practicable;

(4) to group, coordinate, and consolidate agencies and functions of the Executive Branch, as nearly as practicable, according to major purposes;

(5) to eliminate overlapping and duplication of effort.

All acts and parts of acts inconsistent with any of the provisions of this reorganization plan are superseded to the extent of such inconsistencies. All transfers directed by this reorganization plan shall be effective pursuant to the "State Agency Transfer Act," P. L. 1971, c. 375 (C. 52:14D–1 et seq.).

Any provisions of this plan which conflict with Federal law are null and void.

WHEREAS, As a result of a recent decision of the United States Department of Transportation, the supersonic (SST) aircraft may be permitted to use Kennedy International Airport in New York; and,

WHEREAS, The proximity of that airport to this State makes it evident that normal flight patterns will involve SST overflights of this State, and that whatever environmental impacts such flights may have will to a degree have to be borne by New Jersey residents; and,

WHEREAS, There have been serious allegations from responsible sources that the effects of the SST on the ozone layer in the atmosphere are potentially hazardous to the public health and safety; and,

WHEREAS, The flights of the SST would generate noise levels in excess of those currently permitted; and,

WHEREAS, It has been alleged that the SST is more susceptible to accidents arising from the minimum amount of fuel it is permitted to carry; and,

WHEREAS, The convenience of reduced flying time enjoyed by passengers of the SST seems too small a benefit in return for the attendant hazards of such flights; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

1. The Governors of the States of New Jersey and New York are respectfully memorialized to require the Port Authority of New York and New Jersey to prohibit the landing of SST aircraft at John F. Kennedy International Airport or elsewhere in the metropolitan region.

The following communication was received from the Governor and filed:

STATE OF NEW JERSEY
OFFICE OF THE GOVERNOR
May 3, 1976.

To the President and Members of the New Jersey Senate:

Pursuant to c. 203, P. L. 1969 (C. 52:14C–1 et seq.), known as the "Executive Reorganization Act of 1969" I submit herewith a reorganization plan for the Bureau of Financial Regulation and Assistance in the Division of Local Government Services in the Department of Community Affairs.

Sincerely,
/s/ BRENDAN BYRNE,
Governor.

To the Senate and General Assembly
of the State of New Jersey:

On February 9, 1976 I submitted to you a plan of reorganization for the Division of Local Government Services in the Department of Community Affairs. The primary objective of that reorganization plan was to strengthen the ability of the State to meet municipal and county budgeting and financing needs and to improve economic planning for State and local budgeting. Upon further consideration of the issues raised by the reorganization of the Division of

Local Government Services, I submitted a revised plan of reorganization for the Division of Local Government Services which would have transferred the Bureau of Financial Regulation and Assistance in the Division of Local Government Services in the Department of Community Affairs and the Local Finance Board in the Division of Local Government Services in the Department of Community Affairs to the Department of the Treasury. Upon further consideration and discussion of the issues involved, I hereby submit a revised plan of reorganization for the Division of Local Government Services which transfers the Bureau of Financial Regulation and Assistance in the Division of Local Government Services in the Department of Community Affairs, as presently constituted, to the Department of the Treasury.

The reorganization plan, hereby transmitted, is designed to assure more effective oversight of municipal and county finance. The problems of local finance have changed to such a degree that a new organization of State oversight and advisory functions is necessary. The transfer proposed by this reorganization plan will enable the State to coordinate better its own financings with the borrowing schedules of local governments. Also this merger of governmental budgeting and financing functions will promote a greater sharing of expertise of the officials in State government concerned with State and local finance. In addition, this proposed transfer enables the Bureau of Financial Regulation and Assistance to work more effectively with the Division of Investment to improve local investment and debt management practices. This proposed transfer of functions to the Department of the Treasury, in which the Division of Budget and Accounting, the Division of Investment, and the Commission on Capital Budgeting and Planning are located, consolidates fiscal expertise for budget and debt management.

This plan will substantially improve the ability of the State to meet the budgeting and financing needs of municipalities and counties.

Reorganization Plan of the Division of Local Government Services

The Bureau of Financial Regulation and Assistance in the Division of Local Government Services in the Department of Community Affairs, together with all its functions,

powers and duties, is hereby transferred to the Department of the Treasury. All powers exercised by the Commissioner of Community Affairs and the Director of the Division of Local Government Services in direct supervision of the Bureau of Financial Regulation and Assistance are hereby transferred to the Department of the Treasury and shall be exercised by officials in the Department of the Treasury.

The Bureau of Financial Regulation and Assistance, as presently organized, reviews and certifies all municipal budgets, is responsible for post-audit review of municipal and county government, and provides financial guidance to local governments.

Placing these local budgeting and financing functions in the Department of the Treasury will assure more effective oversight of municipal and county finance. The problems of local finance have changed to such a degree that a new organization of State oversight and advisory functions is necessary. The transfer proposed by the reorganization plan will enable the State to coordinate better its own financings with the borrowing schedules of local governments. Also a transfer of these governmental budgeting and financing functions to the Department of the Treasury will promote a greater sharing of expertise of the officials of State government concerned with State and local finance. In addition, this proposed transfer enables the Bureau of Financial Regulation and Assistance to work more effectively with the Division of Investment to improve local investment and debt management practices.

In accordance with the provision of the Executive Reorganization Act of 1969, P. L. 1969, c. 203 (C. 52:14C–2), I find and declare that this transfer and reorganization is necessary:

(1) To promote the more effective management of the Executive Branch;

(2) To reduce expenditures and promote economy to the fullest extent practicable;

(3) To increase the efficiency of the operations of the Executive Branch to the fullest extent practicable;

(4) To group, coordinate, and consolidate agencies and functions of the Executive Branch, as nearly as practicable, according to major purposes;

(5) To eliminate overlapping and duplication of effort.

All acts and parts of acts inconsistent with any of the provision of this reorganization plan are superseded to the extent of such inconsistencies. All transfers directed by this reorganization plan shall be effective pursuant to the "State Agency Transfer Act," P. L. 1971, c. 375 (C. 52:14D–1 et seq.).

Any provisions of this plan which conflict with Federal law are null and void.

This plan shall be effective July 1, 1976.

The Appropriations Bill allocates $1,722,187 to the Legislative Services Agency for Fiscal Year 1977. This is an increase of $223,831, or 15%, over the amount available to the agency in the current fiscal year. This amount also represents the amount requested by the agency. In this period of economic restraint every department in State Government has been forced to make sacrifices. Revenues have not increased sufficiently to justify large increases over the current level of spending. Few, if any agencies, have an appropriation which is more than the current year's appropriation. This is particularly true of agencies such as Legislative Services which have the use of unexpended balances, in this case, $100,000. Accordingly, the appropriation to the Legislative Services Agency is reduced by $223,831, to the Fiscal Year 1976 level.

The Appropriations Bill allocates $2,094,800 to The Office of Fiscal Affairs. This represents an increase of $122,742 over the present level of funding and is the amount requested by the agency. A significant part of this increase is due to a 23% increase over the current year's appropriation level for the Division of Program Analysis. While I recognize the importance of The Office of Fiscal Affairs

and value its contribution to the operation of State government, as with the Legislative Services Agency, I cannot justify such an increased appropriation at the present time. The appropriation is therefore reduced by $122,742 to the 1976 appropriation level.

The Department of Law and Public Safety annually conducts State Police Recruit Classes. The funds provided in the Appropriations Bill exceed the amount necessary to conduct one class but are insufficient for two classes. Therefore, the amount is reduced to $150,000. This represents the appropriation necessary to train one recruit class.

Newark Symphony Hall is one of New Jersey's oldest and finest cultural institutions. Its continued existence benefits every citizen of the State. It is therefore appropriate that the State contribute to its operation and maintenance, and I fully support expenditures for this purpose. However, this State is also fortunate to have a State Council on the Arts. The responsibility, and indeed, the obligation to determine priorities for expenditure of the cultural project funds is theirs. The Appropriations Bill is an inappropriate vehicle by which to determine such priorities. Therefore, although I strongly endorse the expenditure of funds by the Council for staffing and operations at Newark Symphony Hall, I delete the language in the bill which would mandate this expenditure.

The amount appropriated for Grants to Soil Conservation districts is reduced by $15,000. The sum recommended in the bill is higher than the Department of Agriculture's request of $93,000.

The Appropriations Committee funded the Delaware and Raritan Canal Commission at a level higher than prior years' appropriations.

The amount provided also exceeds the Department of Environmental Protection's determination of an adequate level of financing for Fiscal Year 1977. In accordance with my policy of fiscal restraint, the appropriation for expenses of the commission is therefore reduced by $20,000.

For several years, New Jersey has purchased veterinary medicine education in out-of-State veterinary institutions. This has permitted many New Jersey residents to obtain an education in veterinary medicine which would otherwise be unavailable because of the absence of an in-State facility.

My budget message increased the allocation of this program. The Appropriations Committee, however, reduced the funds available to purchase these educational services by $96,000 and directed that this amount be used to hire a dean and to develop and plan a veterinary school of New Jersey. While I support the concept that New Jersey should have a veterinary school, I must delete that part of the Appropriations Bill which would transfer the usage of funds from purchase of services to planning and the hiring of a dean. I cannot justify commencing the development of a new institution of graduate education, with its necessarily significant cost implications for the future—both capital and operating—at a time when our existing institutions of higher education are operating on restricted budgets. We simply cannot now afford the luxury of undertaking a new and substantial financial obligation for another institution for graduate education, albeit one which will benefit the citizens of this State. Fiscal integrity demands that we maintain, for the present, the purchase of service systems within the Central Office of the Department of Higher Education.

The Appropriations Bill, as submitted to me, designates two specific projects to be financed from appropriations to the Department of Transportation. These are the resurfacing of Route 27 in Highland Park and a feasibility study for the activation of the West Shore Railroad. While these projects may well prove to be highly meritorious and deserving of priority, the Appropriations Bill is an inappropriate vehicle through which to direct their initiation. Effective program management within the department dictates that the department, with its particular expertise and overview of the myriad of proposed projects in the State, determine the priority of such projects. I am certain that the merits of these particular projects will speak for themselves in such a departmental review. Accordingly, the language specifying the completion of these projects is deleted. However, the funding for Comprehensive Transportation Planning is not reduced. I support the amount provided by the Appropriations Committee.

There is presently in the Appropriations Bill an amount for Emergency Assistance. This amount exceeds what is expected to be required in Fiscal Year 1977. Accordingly, the funds for payments for Emergency Assistance are reduced by $203,000. This sum recommended should be more

than adequate to meet the expenses for emergency assistance, even with the recent amendments to the Emergency Assistance regulations which liberalize the availability of payments under extraordinary services.

Provision has been made in the Appropriations Bill for funds for Aid to Depressed Rural Areas, subject to the enactment of enabling legislation. Although a bill has been introduced to implement this program, the Legislature has, to date, failed to enact it. In the absence of authorizing legislation, I cannot approve the inclusion of these funds in the budget. The funds for Aid to Depressed Rural Areas are therefore reduced by $400,000.

Respectfully,

[SEAL] BRENDAN BYRNE,
Governor.

Attest:
JOHN J. DEGNAN,

Whereas, Atlantic waters off the coast of New Jersey have recently been the site of massive and mysterious extermination of marine life; and,

Whereas, This phenomenon has been attributed to pollution of undetermined origin, which has also resulted in the closing of beaches along our coastline; and,

Whereas, These occurrences have been attributed by some sources to "natural causes" and by others to excessive dumping of raw sewage into the coastal waters, but no authoritative and generally accepted explanation has yet been found; and,

Whereas, The situation is a massive threat to the economy of New Jersey and to the health and well-being of its

citizens, and a prompt and accurate diagnosis and effective cure are critically and urgently necessary; now, therefore,

Be It Resolved by the Senate of the State of New Jersey:

That this House hereby directs the Department of Environmental Protection to undertake forthwith a full and comprehensive study of the causes of and remedies for the threatening coastal phenomena above-cited, and to report thereon to the Senate Committee on Energy and the Environment within 10 days from the passage of this resolution; and,

STATE OF NEW JERSEY
OFFICE OF THE GOVERNOR
TRENTON

July 22, 1976.

To the President and Members of the New Jersey Senate:

Pursuant to c. 203, P. L. 1969 (C. 52:14C–1 et seq.), known as the "Executive Reorganization Act of 1969", I submit herewith a reorganization plan for the Office of Civilian Defense Director in the Department of Defense.

Sincerely,

BRENDEN BYRNE,
Governor.

REORGANIZATION PLAN OF
THE OFFICE OF CIVILIAN DEFENSE DIRECTOR

The functions, power and duties of the Office of Civilian Defense Director are hereby transferred from the Department of Defense to the Department of Law and Public Safety.

The Office of Civilian Defense Director is directed by statute to assist the Governor in protecting the public health, safety and welfare during any emergency. To a large extent, these functions and responsibilities are also within the scope of the public safety and law enforcement responsibilities of the Department of Law and Public Safety. In emergency situations, the State Police in the Department of Law and Public Safety provide communications services and personnel to coordinate and perform rescue services throughout the State, and maintain continuing contacts with local police, fire and rescue units utilized during periods of emergency.

The placement of civil defense responsibilities within the Department of Defense has reflected the traditional concept of civil defense as preparation for possible enemy attacks. In recent years, however, civil defense's activities have been primarily confined to responding to natural disasters and

other emergencies. During most emergencies, relief efforts have been undertaken by the State Police with the assistance of county and local relief units. This proposed reorganization is intended to promote coordination of such activities, and to eliminate duplication of effort in emergency relief situations. The reorganization will also improve disaster planning, which is now conducted by the Governor's Advisory Council on Emergency Services, an interdepartmental group of which the Attorney General is presiding officer.

In accordance with the provisions of the Executive Reorganization Act of 1969, P. L. 1969, c. 203 (C. 52:14C–2), I find and declare that this transfer and reorganization is necessary

(1) to promote the more effective management of the Executive Branch;

(2) to reduce expenditures and promote economy to the fullest extent practicable;

(3) to increase the efficiency of the operations of the Executive to the fullest extent practicable;

(4) to group, co-ordinate, and consolidate agencies and functions of the Executive Branch, as nearly as may be, according to major purposes;

(5) to reduce the number of agencies by consolidating those having similar functions under a single head; and

(6) to eliminate overlapping and duplication of effort.

All acts and parts of acts inconsistent with any of the provisions of this reorganization plan are superseded to the extent of such inconsistencies. The civilian defense director shall continue to be appointed by the Governor pursuant to the provisions of N. J. S. A:9–35. All transfers directed by this reorganization plan shall be in accordance with the provisions of the "State Agency Transfer Act," P. L. 1971, c. 375 (C. 52:14D–1 et seq.).

Any provisions of this plan which conflict with Federal law are null and void.
